Allowable Subject Matter

1. Claims 1,3-17,25-31 are allowed.
2. The following is an examiner's statement of reasons for allowance:

None of the cited references in combination with other limitations of claim teaches or suggests an optical system within computer mouse that has the entrance surface structured with a curvature to refractively shape the gathered light and angled at a second angle different than the first angle to refract the gathered light towards the exit surface, the exit surface structured with a curvature to further refractively shape the gathered light and angled at a third angle different from the second angle to refract the gathered light to illuminate the target surface, the lens further configured to traverse light between the entrance surface and exit surface without total internal reflection, as disclosed in independent claim 1. The closest art (Adan et al. and Kleinschmidt et al.) disclose related systems, either singularly or in combination fail to anticipate or suggest these limitations obvious.

None of the cited references in combination with other limitations of claim teaches or suggests a method for illuminating a target surface that refracting the gathered light at a third an angle through an exit surface of the lens, the exit surface having a curvature for further shaping refractively the gathered light, to illuminate the target surface with the light refracted from the exit surface, the light traversing between the entrance surface and exit surface without total internal reflection, as disclosed in independent claims 25 and 27. The closest art (Adan et al.

and Kleinschmidt et al.) disclose related systems, either singularly or in combination fail to anticipate or suggest these limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
